CONFERENCE THEME

PARALLEL TRANSFORMATIONS:

**Navigating the AI Revolution and Global Crises
through Innovation and Entrepreneurship**

The contemporary landscape of innovation and entrepreneurship is being reshaped by two powerful and **parallel transformations**: the rapid advancement of **artificial intelligence** and the persistent impact of **global crises**

MINE 2027 invites track proposals that explore how **innovation management** and **entrepreneurship** can address the opportunities and challenges arising from these **parallel transformations**
